BULLBOG MADE FEROCIOUS ATTACK ON DOG AND MAN

Saturday evening, while attempting to protect his dog from the attacks of a large and feroclous buildog, J. Weber was considerably chewed up and a friend of his suffered a badiy bitten hand.

Weber was entering the Falstaff cafe when the buildog saw the little black dog following close to the heels of his master. The "bull" made a lunge for the little dog and, the master, observing the attack, took the little fellow into his arms. The bulldog a specialty. Also prompt delivery of seized Mr. Weber by the calf of the | baggage. 412 25th.

left leg and succeeded in doing considerable chewing before his grip could be loosened.

A bysatnder, seeing Mr. Weber's peril, grabbed the buildog by the throat and finally succeeded in getting him to let go, but not until the dog had driven his teeth through the man's hand.

A doctor was called to dress the are considered to be dangerous dog

ALL HALLOWS DEFEATED BY OCDEN HICH SCHOOL

The football team of the Ogden High school has scored a victory. On the gridiron of the Fair Grounds, Saturday, they drove the All-Hallows team to defeat. This gives the local boys encouragement and they maintain that it is the starting point of a glorious victory for the season. There were twenty-one points for

the Ogden team while the Salt Lakers could muster nothing more than goose egg. The game was rather roughly played throughout and could not be considered the best in that kind of sport, but the boys claim they will settle down to better ball after awhile and will give more scientific exhibitions. Withal, it was a good victory for the home team and will furnish them an incentive for renewed activity and greater achievement. The features of the game were

the two long runs made by Boyle and Stone for Ogden. The ball was put into play from scrimmage and Evans was called to carry it. He circled the end and cleared the field with Waston right at his side running interference. Watson kept along with him and knocked the collegians out of the way until no one was in the way and Evans sailed past the

goal line for a touchdown. Stone made the next longest run After Douglass had made a twenty yard gain through center, Stone was Joseph H. McCowan of Blackfoot, and then fought his way along the side line for fifty yards, and another

The college team was not in the best of physical condition and time and again was taken out for the purpose, it was said, of giving the wearers of the blue and gold a chance to get their wind. The game was replete with fouls and dirty playing in the second half any many times both

teams received penalties.

In the second half, Moran, F.
Smith, W. Smith and Ed Smith were
put in the game to take the places
of Boyle, C. Smith, Griffin and Watson
for the high school and McKay of All
Hallows was relieved by Thornley In Hallows was relieved by Thornley. In this half the forward pass was used many times, but only about twice was it successful. The ball was in posses sion of the high school, near the center of the field, when the final time was called. The final score was Ogden 21, All

Over the Death of Ferrer---Spain Is Distressed Coffee is a hidden but powerful enemy to one's progress in life. Its subtle, narcotic poison, weakens heart, interferes with digestion and

Paris, Oct. 18.—A special from Madrid says King Alfonso has had a violent quarrel with the premier because of the latter's failure to give his majesty an opportunity to exercise the royal perogative of pardon in the case of Ferrer. The dispatch says the unpleasant interview followed when the king learned of the tempest that had been raised abroad by Ferrer's death.

Madrid, Oct. 18.—Large crowds of workmen met in anti-government meetings at Bilbao and Corunna yes-terday. Violent speeches were made. Troops are held in readiness to check possible disorders.

The Imparcial announces that the government is concentrating troops at Madrid to take the place of those that have been sent to Morocco.

JOHNSON STOPS ALL RIVER TRAFFIC

Memphis, Tenn., Oct. 18 .- Jack Johnson, the Galveston negro pugli-ist, has tied up traffic on the Missis-sippl river in this section. Big steamboats are docked at several ports ow-ing to scarcity of labor with which to supply a crew and river men, blame Johnson's victory over Ketchel for the

prevailing conditions, as all the "rous- T The James Lee, one of the largest Mississippi boats, is tied up here although she was to have left Friday. TO OUR ELECTRIC CONSUMERS

Now that the days are getting shorter and winter is approaching, you should put in tungsten lamps in rooms where you use the most light. The lamps cost more, but the saving is in the small amount of current required by them.

Electric meters run the same and are just as correct in winter as summer, but the enormous difference in the burning hours; for light required makes the bills so large that people usually blame the meter.

Remember also that you can buy first class Edison lamps from us, and when the lamps are blackened or burned out, we exchange the eight and sixteen candle power lamps for 10c and the thirty-two candle power for twenty cents. Call at our office or on phone and we will explain more in detail about the Tungsten lamp. Our engineer will advise you free of charge how to light your stores with the smallest consumption of

current. Our aim is to assist the consumer in keeping his lighting Have you a little gas heater in your office; why not?
